

FTXC-E

WALL-MOUNTED AIR-TO-AIR HEAT PUMP

Sensira

At a glance

Energy labels

Functions:

Heating

Cooling

Dimensions

H: 288 / 297 mm
W: 770 / 990 mm
D: 234 / 273 mm

Sound pressure level*:

indoor unit
Silent: 22 dBA
Medium: 34 dBA
outdoor unit 46 dBA

Colours available:

White

Designed for value and efficiency

- **No fuss:** Sensira's white exterior makes it easy to blend into any room and promises simple and efficient cooling and heating.
- **Value for money:** Sensira offers Daikin's premium quality and high-end functionality for an attractive price.
- **Smart control:** Operation management via the Onecta app including voice-control via Google Assistant and Amazon Alexa

Highlight features and functions

Powerful mode

If the temperature in the room is too high/low, it can be cooled down/heated quickly. After Powerful mode is turned off, the unit returns to the preset mode.

Air filter

Seamlessly removes airborne particles ensuring that indoor air is clean.

Dry programme

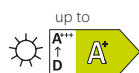

Reduces level of humidity in the room without influencing the temperature.

Vertical auto swing

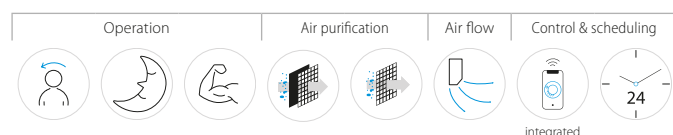

Automatic vertical move of flaps provides even distribution of air and temperature throughout the room

* Valid for 35-class units in cooling mode

Sensira FTXC-E
